AND SO CINDERELLA WORE SQUIRREL SKIN

ANOTHER OF OUR OLD PHANTASIES OF CHILDHOOD IS FRACTURED

(By Associated Press.) LONDON, March 23.—Cinderella never wore glass slippers. The slipper that the prince fitted to her small foot, and which her two ugly, mean and scheming sisters tried in vain to get into, was not glass. It was made of squirrel skin.

This blow to a tradition dear to childhood was delivered by Cecile Hugon, lecturer in French literature to the Oxford Society for Women's Education in a paper on the subject of fairy tales. When the Cinderella story was turned from French into English, the translator mistook a word.

Perrault, who wrote the tale in French, described the slipper not as "soulier de verre," but as "soulier de vair." Vair and vair sound alike in French, but vair means glass, while vair means the fur of the squirrel.

Miss Hugon suggests that the slippers might have been of gray, with a dainty trimming of squirrel about the top. Otherwise, they might have been all fur top. But in no case did Cinderella receive a pair of glass slippers from her fairy godmother and drop one in the ball room for the prince to find.

DUTCH WOMEN TO HOLD INTERNATIONAL FETE

INTERNATIONAL CONGRESS WILL BE HELD AT THE HAGUE IN APRIL

(By Associated Press.) LONDON, March 23.—The proposal of a committee of Dutch women to hold a women's international congress at the Hague in April has met the undivided support of the National Union of Women's Suffrage Societies, the non-militant body.

In their appeal, the women of Holland said: "We feel strongly that at a time when there is so much hatred among nations, we women must show that we can retain our solidarity and that we are able to maintain a mutual friendship."

Women from every country, regardless of nationality, are asked to attend the Hague congress.

"The peace of the nations must not be a flabby thing, like a flabby angel on a damp cloud," declared Miss Bondfield, speaking for the resolution to support the congress. She said the future peace of Europe would largely depend on the international relations of its women.

SCIENCE AND ART ARE NOT NEGLECTED

APPROPRIATIONS ARE MADE FOR CARRYING ON IMPORTANT WORK

(By Associated Press.) BERLIN, March 23.—That science and art are by no means being neglected by Germany, notwithstanding the war and its enormous cost, is indicated by figures from the Prussian budget, which provides 6,000 marks for scientific acquisitions in Egypt, 55,000 marks for excavations in Mesopotamia, and 20,000 marks for similar work in Samos.

The sum of 387,230 marks is provided for the support of artists, savants and literateurs. For the purchase of works of art for the National gallery in Berlin and the advancement of painting and sculpture, 342,990 marks are provided, and for musical purposes 53,712 marks.

For the Academy of Arts in Berlin 838,550 marks are set apart, while for similar institutions throughout Prussia, their maintenance or reconstruction, sums aggregating 1,435,476 marks have been provided.

WILL HAUL 85 TONS OF PIPE

There will be considerable hauling of pipe from here to Fairview, as a consignment of 85 tons is at the depot. C. L. Benadum has the contract to forward it and has engaged teams for the work. The pipe is to be laid on top of the ground from a well near Alpine to Fairview to supply the new mill and cyanide plant that has been installed by Mr. Stacey and his associates to work the ore from the Fairview Golden Boulder property. The mill will handle about 50 tons of ore a day and add materially to the output of Churchill county mines.—Fallon Eagle.

COMMEMORATIAL TOWER WILL BE ERECTED

LITTLE TOWN WANTS TO RECORD VICTORIES IN EAST PRUSSIA

(By Associated Press.) BERLIN, March 23.—The little town of Schildau, just east of Halle and Leipzig, has received the sanction of Field Marshal von Hindenburg to its plan to erect a tower bearing his name commemorative of his victories in East Prussia. The mayor of Schildau has received the following letter from von Hindenburg:

"For the notification, which greatly honors me, that you intend to give my name to a tower to be erected in your city, I thank you most heartily. In this movement I see not only honor for myself, but for my entire loyal and brave army. May your city, the birthplace of Field Marshal von Hindenburg, continue to thrive and prosper after honorable peace has been declared."

(Signed) VON HINDENBURG, "General Field Marshal and Commander-in-chief of the entire German forces in the east."

Schildau's action in proposing a memorial to General von Hindenburg was reported as the first of its kind in the empire.

MAY GET ANOTHER MILL

There is a persistent rumor that the Seven Troughs district will get another mill at no distant day. The Delaware Mining company is the firm accredited with the intention of building a mill to take care of the ore from their ground, which approximates 200 acres in extent, says the Lovelock Review-Miner.
